**ScalerxOX – Advanced Oxidation System**

**Advanced Reactions. Absolute Purity.**

*When performance meets purpose — water transforms into opportunity.*

## The Future of Purification is Here

Water Treatment Is Not Just About Compliance Anymore — It's About Reliability, Innovation, And Trust. ScalerxOX Is Scalerx India's Next-generation Advanced Oxidation Process (AOP) System — A Hybrid Combination Of Ozone + UV + Nano Air Infusion (Scalerx) Built To Destroy What Conventional Systems Cannot. It's Not Just Equipment. It's A Complete Oxidation Revolution Engineered To Deliver Reuse-quality Water With Zero Compromise.

## How It Works — The Power of Advanced Reactions

ScalerxOX Creates Hydroxyl Radicals (OH) — Nature's Most Powerful Oxidizing Agents — That Attack, Decompose, And Neutralize Pollutants At The Molecular Level. It Breaks Down Color, Odor, Organic Matter, Micro-contaminants, And Pathogens — Leaving Crystal-clear, Disinfected, Reusable Water.
